## [ DIRECTOR'S MESSAGE ]

Maj Gen TPS Waraich, VSM\*\* (Retd)

Yadavindra Public School is ranked India's #8, Punjab #1's & Mohali's #1 Co-ed Day-cum Boarding School in the Education World India School Rankings 2020-21.

The onslaught of Covid-19 pandemic took everybody by surprise. With the closing of all educational institutions, the pandemic posed an insurmountable challenge to the traditional forms of the teaching-learning process. This entire process now depended on information communication technologies (ICT) and the school's infrastructure to provide their students with first-class education at their doorsteps. Creating an ideal learning environment became a herculean task for parents, students, and the school.

YPS Mohali, rose to the occasion by establishing a unique system of online teaching wherein teachers and students were given hands-on training by experts, new technical systems were put in place by IT professionals, and the online classes commenced with ease in record time. We enlisted the support of the parents in complying with day-to-day changes so that the student's education is not affected.

One bright spark in this tumultuous year was the awarding of the First Position in the rankings by the

Education World. Yadavindra Public School, Mohali has been ranked No. 1 as a Day-cum-Boarding School in Punjab for the year 2020-21. The school has improved in various parameters to vault up the positions nationally and has been ranked No. 8 in India. We are going to strive further to improve these rankings in the coming year.

I convey my appreciation to all students, parents and the entire staff who adapted themselves to meet the demands of the situation and brought in a smooth transition from an offline mode to an online mode of teaching. We could tide over such impediments only with the years of grooming and value education imparted and indoctrinated at YPS in keeping up with our motto of VIDYA-VINAY-VEERTA

**Maj Gen TPS Waraich, VSM\*\* (Retd)**  
Director

## [ HEAD BOY'S MESSAGE ]

CHANDAN SINGH  
KLER

Whenever I think of home, the image of the lush green field of our school strikes my mind and I always find myself overwhelmed with joy and bliss, no matter how dejected and downcast I feel, just like William Wordsworth, who felt a similar way at the sight of daffodils.

Now, as everyone who is at home is my family, this case is also certainly true for all the students, staff members, teachers and workers who work hard day and night. I must tell all who need to read this, especially my juniors, which is to be humble and cheerful.

I believe, that one must work hard, but, nobody seems to acknowledge the fact that one spends so many years at school, and if one keeps on working and doesn't do the

things that they actually enjoy, well, then one has simply wasted that time.

Alexander the Great, conquered most of the world at the age of only 33 years, and though he was the most powerful, richest man of his times, when he died, he could not take any of his possessions with him in the afterlife. He already had a kingdom, but his expansion caused the slaughter of millions. To defend the poor and weak is the true sign of nobility and gallantry, but, to oppress people over futile reasons is the true act of cowardice and a barbaric human being.

I would request everyone to listen to other people's opinions patiently, no matter how foolish they might seem to you as the world needs more encouragers and not a single critic more.

This time period in the school, is going to be the best time of your life, the memories which you will make here will be remembered throughout in life. So, be sure to make the most of it, even though the pandemic has tried to ruin it.

Another very important thing which is very often glossed over is that just because two people have a difference of opinion, it doesn't

mean that they have to hate each other, and when they are questioned for their animosity regarding that person, then they pretend as if they were not.

Which brings me to the last lesson, which I have spoken about, written about and read about so many times that I cannot even recall, is hypocrisy. No man, no woman is perfect, everyone has their pros and cons, but in today's world I have seen people and have been astonished at their audacity to blatantly lie regarding something, although they continue to do the same thing when nobody is watching.

To sum it up, be true to yourself and to the world, and always be kind.

Chandan Singh Kler  
Head Boy

## [ EDITORIAL ]

SHREYA SINGLA

I begin this editorial with a sense of deep humility and great pride- humility in the wake of those outstandingly talented individuals who have shared this space before me; pride in the reflection that this publication is the quintessence of what we as Yadavindrians stand for.

When I look back 14 years from now, this is not what I expected my journey at this institution to be, nevertheless it has been life transforming. To say the least, it is this institution which has actually brought out my true self into existence. It has been an absolutely overwhelming journey from being called a Yadavindrian for the very first time to actually understanding the essence and the significance of the name branded on the backs of our jackets.

I wouldn't say that I still remember entering the school for the first time, but I do remember crying and \*inventing\* new illnesses every single day so as to convince my parents not to send me to school. Today, I would do anything to go back to my class and spend time with my friends and my teachers, banking memories that I will always cherish. YPS is what you make out of it; the endless opportunities are only fruitful if you're willing to work for them.

While entering this institution we are handed out this 'privilege' of calling ourselves a Yadavindrian and associating ourselves with an absolutely wonderful fraternity. I would urge each and every one of you to bank all the opportunities around you because that is what being a Yadavindrian is, we make most of what is given to us while at the same time we strive for excellence. Take part in that debate, sign up for all those inter house sports, volunteer for those duties and you never know that you might end up discovering something absolutely amazing about yourself.

Working with the editorial board has been an absolute honour. The School is overflowing with talent and it is evident with every issue of the Oracle that has been published since the magazine has been introduced. I would like

to congratulate each and every member of the Editorial Board for the success of the 'E-Oracle' this year. Starting anything new always puts forth a tonne of challenges but it was the combined effort of the team and the confidence that the school entrusted in us that we were able to take out the publication on a digital platform. The endless hours we spent on the making seemed nothing in front of the joy that surrounded us with each issue being released.

The past one and a half year has been challenging for all of us. As a community, we have to work towards accepting the new normal as well as adapting to it so as to keep this fast paced world into motion. I urge each and every one of you to do as much as you can, to contribute, intellectually and morally, towards the world that is ours. These tough times will help you unlock your potential to the fullest. In the end, I would just like to say that make your school proud, but more importantly make yourself proud.

And this marks the end of a chapter.

Shreya Singla

# INVESTITURE 2020

# [ INVESTITURE CEREMONY ]

The investiture ceremony officially appointing the new student council for the session 2020-21 was held on 29 January, 2020. The solemn ceremony began with the handing over of the School flag, to the newly appointed Head Boy and Head Girl. The House Flags were handed over to the newly appointed House Captains and the new Prefect body was announced. Our School Director, Maj. Gen. T.P.S Waraich (Retd.) extended some sound advice to the students. In his address, he congratulated the members of the newly elected Student Council and emphasised on the fact that it is an individual that defines a post. He advised them to imbibe the spirit of 'Service before Self' in words and deeds and urged them to embrace their duties with humility, perseverance, integrity and loyalty. The ceremony concluded with the National Anthem and it was a memorial day for YPS, Mohali.

Music adding colour to the ceremony ▶

▲ I do Solemnly Swear...

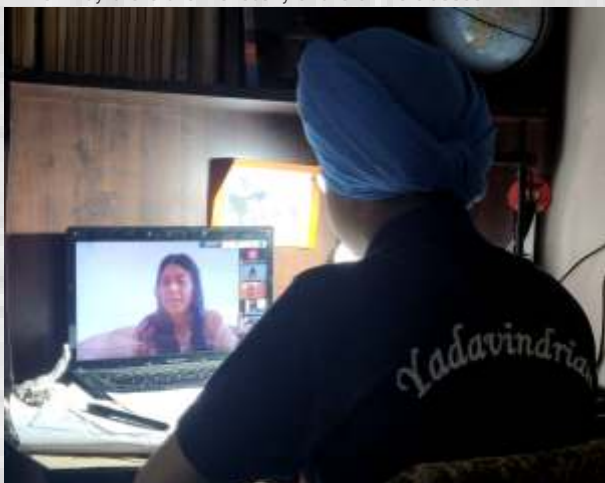

▲ The Order Changeth Yielding Place to New

## [ ONLINE BYTES ]

▲ Roll Play broke the monotony of the online classes

▲ Teachers as well as students adapted well to the online mode

The online classes for the session of 2020-2021, turned education on its head. But the teaching faculty of YPS, Mohali took up the challenge with positivity and vigor.

While the school took up the up gradation of the IT infrastructure, the teachers honed their skills to deal with the online classes in a short stint of time. The summer vacation were pre-poned and within a month the teachers were ready with their time tables, lesson plans and a curriculum with integrated activities designed to accentuate learning and development. Google platform was selected as the mode of online classes after due consideration which was integrated with the email ids generated for all students. The programme was ably supported by the IT department.

Though the timetable was designed to keep the students engaged it kept in mind the issues related to screen time. The senior wing started with 5 lessons while the junior wing and kindergarten started with 3 lessons of a duration of 40 minutes and a break of 20 minutes in between the lessons to keep the students and teachers energised.

YPS KG Wing conducted the very first Virtual Poetry Recitation, Story Narration, Role Play, Sports Day, Kinder Artist Display, Annual show,

Special Assemblies and Show and Tell to know the significance of our festivals and respect for all cultures.

The school had to rework its curriculum keeping in mind the additions and reductions as specified by the Council from time to time. The teachers worked out the syllabus to string it for continuity of the topics in their respective subjects.

Well being classes such as Art, Music, Sports and Emotional Well Being were introduced for the middle school in the evening. The students were guided with the aid of presentations and Videos as well as live demonstrations to have a meaningful interaction.

Support lessons for the students were also conducted in the evening for the students to clear their doubts.

We believe that work not assessed is work not done. Regular assessments were made through Structured Internal Assessments (SIA) and Wednesday Tests.

Inter House co-curricular events like debates, poetry recitations were organised to keep the competitive edge among the students. They also took part in the various online Inter School

competitions and won laurels for the school.

A connect was established with the parents through Parent teacher meetings (PTM) and one to one interactions.

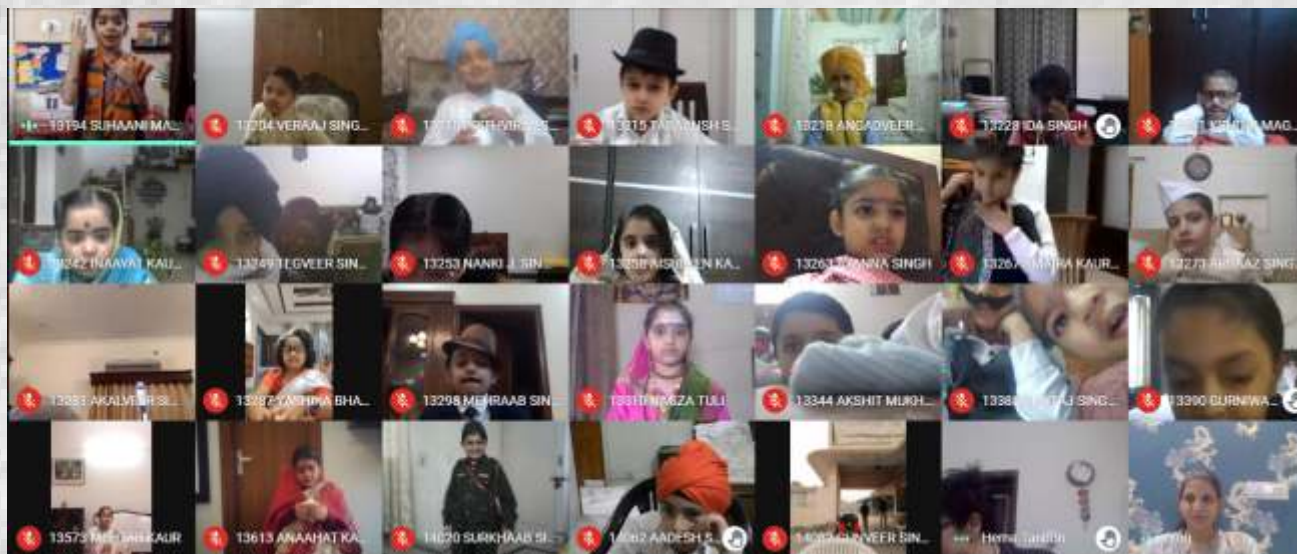

The virtual activities were planned, designed and executed with a lot of precision were a highlight of the year with Yadavindrians becoming an epitome of our motto : Vidya, Vinay, Veerta.

▲ Teachers making the X-mas celebrations a memorable experience

▲ Students were engaged in meaningful activities

▲ Online Fancy Dress Competition conducted by the Junior Wing

▲ A Student participating in a Well Being Class

# [ LOCKDOWN in PICS ! ]

The lockdown of schools in India to confront the effects of COVID-19 caused an enormous impact at both social and educational levels. Schools and families had to react rapidly to a new teaching and learning scenario without the benefit of previous planning or government guidelines. In this context, YPS, Mohali was certainly able to adapt to the new circumstances in a better manner. The School went in complete lockdown on 13th March 2020 way before the country lockdown was announced. However, the administrative and the support Staff worked day and night to ensure the upkeep of the office

work and the school campus. Our School was declared a NO-COVID ZONE as no outsiders were allowed entry into the school premises. The required precautions were undertaken with utmost zeal and dedication. Hand Sanitizers were placed at prominent entry and exit points. The School Admin Staff and Support Staff were given face masks and shields as per the COVID Protocol. Thermal screening was done at all entry points to rule out any possibility of infection. Like always, YPS, Mohali has always been well prepared and well equipped to deal with any emergency.

▲ The School is Closed

▲ The School prepared for the COVID19 Protocols

▲ The Equipment used for Sanitising

▲ The Masks are on!

▲ Thermal Checks

▲ The Headboy Awaiting Entry to School

▲ All Visitors undergoing the Checks

▲ Social Distancing is the Norm

▲ The Director and Bursar meeting with the Support Staff

▲ Mr Karamjit Singh undergoing the Mandatory Checks

## [ HURRAH TO OUR SUPPORT STAFF ]

Resilient schools require resilient staff. It is evident that working and living during these times requires adaptability, grit and resilience for all. A mindset shift is required which includes a perspective shift: from living through to living with. Our Support staff discharged a lot of new duties and extra work without any additional or formal training. They rose to the occasion like sentinels setting out to

fight an unseen enemy. They had put their lives at risk more than any other school staff by coming to the school daily during the pandemic. Schools are actually communities and they are at their best when they recognise, value and support the contribution of each individual. A huge shout out to our Support Staff who left no stone unturned in maintaining the cleanliness and maintenance of our school campus.

▼ The Director Felicitating the Support Staff for their hard work and unstinting support during the Covid times

YPS, Mohali has donated over 550 personal protection equipment (PPE) kits, 300 face masks and 550 face shields to the District Health Dept.

An IAYP Project was initiated by Mr. Ajay Singh along with four students from YPS, Mohali to start a small endeavor for COVID relief mission to help cope up with the current situation of crisis. The

aim is to collect 10,000 masks which will further be given to the Mohali DC Office for systematic distribution to the people in need.

Face shields and masks were also distributed amongst our support staff and School Teachers. Vaccination Drives for the whole School Staff including The Admin Staff, The Teaching staff and the Support Staff have been organised from time to time so that the YPS Family stays protected from the deadly virus.

▲ Provisions being distributed to the Support Staff

▲ The essentials being handed over by Buta Saab

▲ Ms Gurkanwal Kaur getting the jab

▲ Vaccination Drive for the Staff

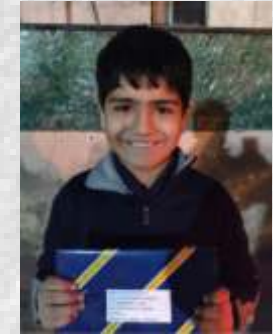

## [ ACADEMIC PRIZES ]

The Prizes committee of Junior and Senior Wing sorted and packed prizes. Thereafter teachers were detailed to deliver the prizes by hand to the achievers in the area covering Chandigarh, Nayagaon, Panchluka, Zirakpur, Mohali, Greater Mohali, Kharar and New Chandigarh.

A total of 251 prizes were distributed, Senior Wing – 122 & Junior Wing – 130.

Parents were very appreciative by the endeavour of the school in recognizing the achievement of the students and also the initiative of hand delivering the prizes.

Some of the exhilarated faces are showcased.

## [ SPECIAL PRIZE CEREMONY ]

This was held on Saturday, February 20th 2021 to felicitate the Special Prize winners of the school. Our School Director- Maj. Gen. T.P.S Waraich congratulated the School Toppers, Academic winners, Sports Achievers and Co-curricular Achievers with Prizes, School colour and Trophies. The event was graced by Dr. Neerja Dutta, an alumnus of YPS of the 1987 batch. She presented the Mrinal Dutta Trophy to Sukhsimran and Zorawar of Class 3. The School Choir presented melodious songs to

entertain the School Staff, Parents and all the attendees. All the COVID-19 appropriate norms and behaviour was strictly followed by all those present.

Social distancing was the norm of the ceremony

Chief guest of the ceremony was Dr. Neerja Dutta, an alumnus of YPS of the Class of 1987

## [ IAYP REPORT ]

The students were involved in the following service sections under the IAYP programme.

- A team of 4 students of class X ad XI chose to stand up and create funds and contribute face masks to the frontline workers involved in their work during the lockdown. They donated 20,000 masks to the MC, Mohali for further distribution to the frontline workers.
- A student Mehzbeen Sandhu of class XI started the “mission healthcare” and generated money to deliver dry ration to 25 families and 20 PPE kits to healthcare workers.
- Project “Shaping Borders” initiated by Ebrahim Sofi. He is initially setting up of reference libraries with books for school going students in border areas of Kashmir. A mass contribution of books was initiated and a large collection has been done.
- A group project scheduled in January 2020 comprising a team of students in the school to make the ongoing traffic move in a smooth and an organized manner.
- 4 Bronze level students initiated a programme “Help With-in” to help their house hold help during the lockdown in the pandemic year by donating dry

▲ Eknor Matharoo and Navroop Shergill Distributing Masks

rations and essential need items.

- Awareness drive initiated by IAYP student Jasleen Shergill about Prevention of Corona-virus during the pandemic. A lot of Jingles and messages were created and sent across all the YPS students.
- A group of 4 bronze level participants motivated other students by showcasing their work and

inculcation of hobbies in a rigorous way during the lockdown. Also they donated old clothes and their old books near Gurudwara Sri Fatehgarh Sahib.

A total of 11 awards were presented to the students on successful completion of their respective levels during the pandemic year 2020-21.

# [ SCHOOL AT LAST ! ]

Owing to the decline in number of Covid cases and also to prepare the students well for the upcoming board exams, The school decided to conduct Physical lessons only for Students of Classes 10 and 12. Consent was taken from interested students and their parents and the school finally opened its gates for them on 20th January 2021. The students were allowed entry into the school from different gates class wise and section wise. The Four school gates were manned by the Medical Staff, Teaching Staff and the Support Staff so that proper COVID appropriate precautions were taken. Social distancing was the norm throughout the conduct of these extra classes. It was indeed heartening to see the school buildings bounce back to life as students are the life of any school.

▲ The Medical team ready for the Students

## [ KINDERGARTEN REPORT ]

*“If you are planning for a year, sow rice.  
If you are planning for a decade, plant trees.  
If you are planning for a lifetime, educate people.”*

Kindergarten wing of YPS Mohali, is where it all begins for young hearts. Standing strong on the pillars of discipline, knowledge, integrity and honesty, emphasizing on building up a strong and formidable base on which a desired and beautiful future would shine bright.

The virtual classes for the session of 2020-2021, was one of its kind experiences. Continued technical support and innovative methodology played quite an important role in bridging the gap. Integrated activities were designed accentuating learning and development.

- Based on the principles of Holistic learning and balanced growth, innovative methodology of teaching, making learning a fun activity, was adopted
- “Inquisitive mind learns the most”, as they ask the most relevant questions to learn. Inculcating the same, Critical and Logical thinking activities were planned, to bring out the best of little Yadavindrians.

The beginning of wisdom ▶

▼ Making a difference

- Problem solving is a life skill and must be learned at an early age, worksheets were made to give a firsthand experience.
- Structured play and role plays, intrigued children and made them completely involved in the activities, hence giving them hands-on experience.
- Concept of Value education was aptly introduced by stories, to provide moral values, inculcating a sense of being a good humanitarian, being considerate towards the wellbeing of others, instilling feelings of pride and responsibility towards the nation.
- Personal social development of the children is paramount, as moral values and social values work in tandem. Specifically designed activities infused the young ones with the feeling of belongingness, enhancing their ability to understand feelings of

◆ Staying inspired online.

- others and improving their relationship with them.
- Music is an integral part of early education, regular sessions and music competition involve all and Sundry.

A plethora of activities, designed, created and executed with a lot of precision were a highlight of the year.

### POETRY RECITATION

Poetry Recitation competition for all levels, that is, Nursery, LKG and UKG was conducted. Students used all kinds of creative props to complement the poems.

### TALENT SHOW

Every child is born with some natural talent, to discover and to enhance it, talent show activity was carried out. Children of all classes of kindergarten were to showcase the talent of their choice and preference, be it singing, dancing or playing musical instruments. It was heartening to see the children put their heart and soul into it.

Showcasing artistic talent

### CELEBRATING FESTIVALS

Festivals are an integral part of our life and play a vital role in teaching children about our culture and Society. Following the same, the kindergarten wing celebrated Dussehra, Deepawali, Christmas and Lohri with children wearing colourful clothes, conducting special assemblies along with, craft activities and show and tell activities describing the respective festivals.

The greatness of a culture is found in its festival

**STORY NARRATION**

Storytelling is one of the most interesting methods of teaching and helps develop early literacy skills. Hence, the same was used with little improvisation, that is, Children were made to narrate the stories based on the clay models, made by them during the winter break. It really helped in understanding the words, language and sounds.

**ROLE PLAY**

Role play is an essential part of teaching methodology for preschoolers. Pretend play is one of the favorite activities for children that they love to do. It helps them explore and understand the concept. Community helpers are the backbone of our society and they surely make the world a better place to live. Following the same, children role played their favorite character, dressed up in all different looks of doctors, gardeners, policemen etc.

**OLYMPIAD**

Olympiad exams provide the foundation for a strong academic career. Assessing the analytical thinking, problem solving skills and aptitude of students, Olympiad infuses confidence in children. Students of LKG and UKG participated in English, Mathematics and EVs Olympiad and performed exceptionally well.

unleashing the power of storytelling

beyond the bounds of reality

**FUN IN SPORTS**

First of its kind, virtual sports day was held. It was a great activity, which included various fun games played by children testing their concentration, balance and agility. Children had a lot of fun along with learning.

Fitness is a lifestyle

Settling the stage for creativity, learning and fun

**KINDER ARTISTS DISPLAY**

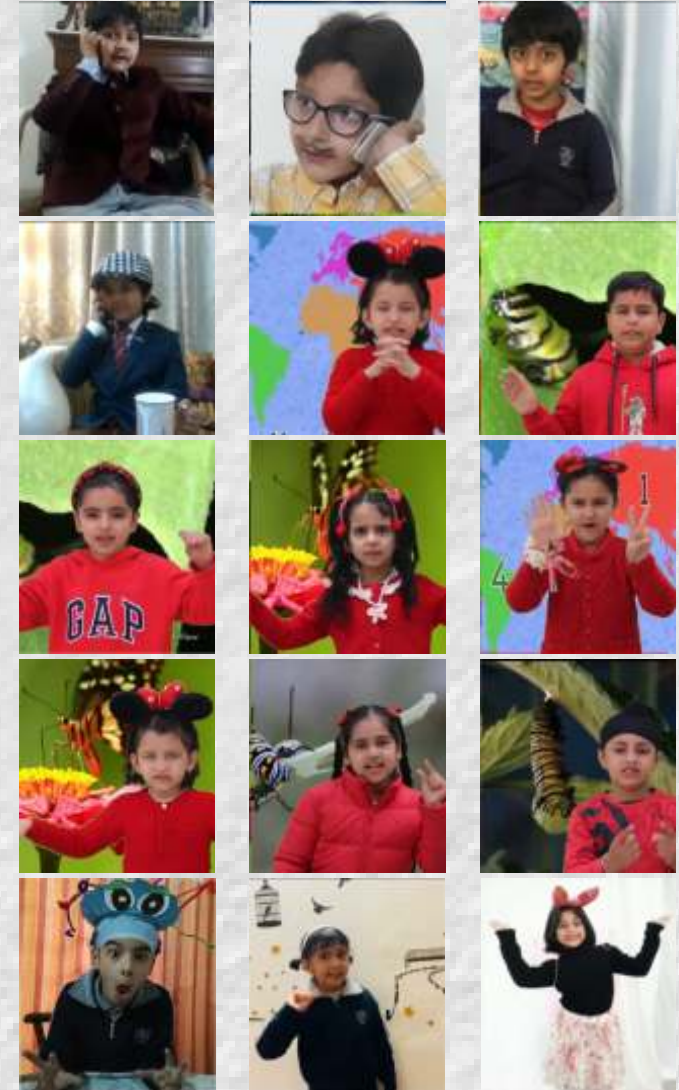

This year witnessed an exception, with the first of its kind virtual Kinder Artist Display. Children ecstatically exhibited their creativity and artistic work, and

gleefully displayed their art and craft work, paintings, that they made during the entire year. All the parents had put the best of their efforts to decorate, either the corner of the wall or a table top. Colourful children's work was a complete delight.

### ANNUAL PLAY

Colorful dresses and creative props highlighted and marked the first ever Virtual Annual Play, Chrysalis. Predicament of parents related to online classes and how it gradually became an integral part of Children's lives, making virtual classes a new normal was beautifully enacted by UKG. Throwing light on the pandemic, it's adverse effects and precautions to fight was the theme of the play. Melodious songs sung by the little performers added the much needed flavour.

The Final Retreat

# [ JUNIOR WING REPORT ]

*"Every challenge that we face is the opportunity to become more than we've been before." Dina Cataldo*

All of us know that 2020 has been a year like no other. The spread of Covid 19 pandemic resulted in shutting down of schools all over the world. Globally, over 1.2 billion children were out of the classroom. As a result, the education sector, especially school education, had no choice but to change dramatically.

At YPS, we believe in commitment to excellence and relentless pursuit of the same. With the foresight of our management in selecting Google Classroom as the digital platform and deciding to begin staff training for conducting online classes, Junior Wing made great strides during the pandemic.

## JUNIOR WING APPOINTMENTS

## ACADEMIC/NON-ACADEMIC REPORT

The adoption of smart classroom system transformed the traditional educational system and redefined the role of a teacher. Our dedicated administrative staff and IT team/computer department helped equip the teachers with the requisite technical skills and aptitude with the help of hands on training sessions.

We took the challenge head-on and embraced the change wholeheartedly. A time-table to encompass academics, sports, and co-curricular as well as extra-curricular activities was made and followed religiously. Innovative teaching practices were adopted.

Teachers were reflective in their mindset and responsive to student needs. We had three lessons of forty minutes each with a twenty-minute break between lessons.

### ENGLISH

*Learning is a treasure that will follow its owner everywhere. "Chinese Proverb*

The Covid pandemic did not deter the English department in any way. English was taught in the

best possible way using audiovisual aids, videos from YouTube, worksheets, and role-play. This lent interest and students could be engaged productively in their online classes for better understanding of the subject.

Literary competitions like Poetry recitation, Just a Minute, Spin a yarn and Debate were conducted through the year.

**SOCIAL STUDIES**

*“The Social Sciences have a critical contribution to make, in helping us understand, imagine, and craft a more sustainable future for all.”*

While teaching Social Studies, a wide range of child centered meaningful learning opportunities were provided to the children through various activities like hand -on-activities, project work, virtual tours etc. Infact students were quite creative and displayed new skills while coping with the difficult Covid situation

Making Artefacts using Clay

Yuvraj Singh: Carrying Groceries for his Grandmother

Shranya Goel : Giving Water to her Grandmother

Staying Safe

## MATHEMATICS

*"Doing Mathematics should always mean finding patterns and crafting beautiful and meaningful explanations." Paul Lockhart*

The year 2020 was challenging one for the Mathematics department as it was a purely online teaching / learning experience. The teachers made it fulfilled, hands on, activity based teaching and, tried their best to clear the concepts. It was done by involving the students, showing interesting videos, storytelling and doing Mental Maths on a daily basis to increase their mental ability. Jodo gyan teaching aids helped a lot in making the topics clear. CPA method was as usual followed.

teacher as well as students, activities like leaf printing, illustrations etc all through the year. Curriculum based research work and projects were also given to the students in order to nurture their inquisitive minds

## SCIENCE

*" Science is simply the word we use to describe a method of organizing our curiosity." Tim Minchin*

During the online classes too, Science was taught in correlation with daily life and integrated with other subjects like Art, Math, and English etc in order to engage the students and maintain interest. Care was taken to foster the experiential learning of the students for which they were given ample opportunities to enhance their learning through demonstration of experiments in class by the

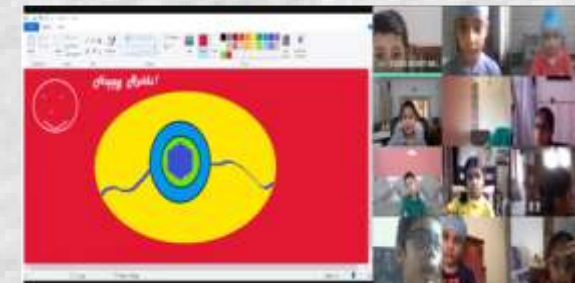

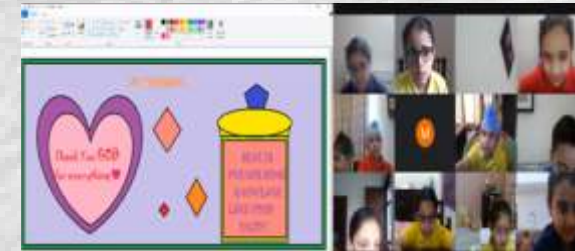

**COMPUTERS**

*“Students need to be given the chance to create with technology, not just learn how to use it.”*

The quote above is the guiding light for computer education at Junior Wing.

Technology has played an important role in responding to the novel corona virus. In many contexts, technology has provided learning continuity when students were not present physically in the classrooms. However, there were many barriers to successful online virtual real-time learning driven by technology, including teacher preparedness, access to online resources and devices, and student support at home. While teaching computers we tried to make our

lessons more engaging and interesting so that children will get 100% participation in representing their work during real-time virtual learning. We taught different applications by giving virtual demos for more clarity of different concepts and we got wonderful response from students' end. Children learnt various software like MS Paint, WordPad, MS Word, and MS PowerPoint throughout the year. Children displayed the best of creativity and apply their technical learning in their projects.

**PUNJABI and HINDI**

*“Knowledge of languages is the doorway to wisdom.” – Roger Bacon*

In online classes, all efforts were made to ensure that children are able to transition from offline classes to online teaching seamlessly. Learning concepts was made easier by using videos, demonstrations, storytelling, short exercises, creative writing, and recitations in addition to regular lessons.

Focus has been to help children gain confidence in speaking Hindi and learn how to write. In the last recitation competition, children were asked independently to choose their own poem. The children showed great enthusiasm and interest in carefully selecting the poem and reciting it. It was a pleasure to see the growth in children.

**INDIAN AND WESTERN MUSIC**

*“Music gives a soul to the universe, wings to the mind, flight to the imagination, and life to everything.” Plato.*

Music teaches the children the sense and power of rhythm. Indian Music Education at Junior Wing begins with introduction of basic swar, concept of

taal and introduction of classical music. The students learnt different types of songs e.g. festival songs. Patriotic songs, action song, prayers etc in Hindi & Punjabi. Rhythm exercises were also taught to students to help them understand the element of time in music.

The students were encouraged, shortlisted and selected for 'Virtual Music Inter School Competition' on 6th February, 2021 and regular practice and training was given to the selected students to improve their performance. There was no hindrance in teaching music online during the Pandemic. The only setback was that instead of having one class every week it was one class every three weeks. Therefore, the curriculum was shortened and effective measures were taken.

The classes went really well and the students enjoyed the Western Music Activity classes as most of the songs taught during the online classes were action based where students had to stand up and follow the teacher as he sings and performs the actions. So, the students learned music as well as performed some form of physical activity which was helpful during the lockdown.

A different approach was taken by the teacher by

introducing Western classical Instruments and Classical music in the second term, where the students learned how each instrument sounds like and also their different categories. Special music appreciation lessons were taken to encourage students to have more interest in music and arts.

**ART AND CRAFT**

*“Creativity is as important as literacy.” Sir Ken Robinson*

During online classes, we tried to build a free learning environment for kids to explore the material and various techniques and express themselves. They learned about colour theory, elements of art, origami, doodle art, collage, compositions, various artists work and portrait making folk art.

Children (classes I to V) participated in the activity 'Hum fit to India fit'.

An art activity was organised on Armed forces Flag Day.

Children of class IV enthusiastically participated in the ISA project.

## ACTIVITY CLASSES : SPECIAL OCCASIONS AND FESTIVALS

The Performing Arts and Art department worked together under a newly christened 'Activity' Department. 'YPS Creative Initiative' was the first feather in the cap that included a compilation of videos of children's performances under the guidance of teachers. Various national, religious and cultural festivals and occasions were celebrated online with due pomp and grandeur to foster national integration, religious and cultural awareness and tolerance. Morning assembly was also conducted House wise with a teacher dedicated to all sections of each level. Participation of all children was ensured.

All students of classes I to V presented their skills in music, dance, oration and arts enthusiastically for various theme based projects. Their video entries were compiled in an audio-visual montage and showcased in the evening classes and in some morning assemblies too. The following activities were undertaken and performed during the virtual classroom (2020-21) which were undertaken and implemented successfully.

### Mother's Day

8 MAY 2020

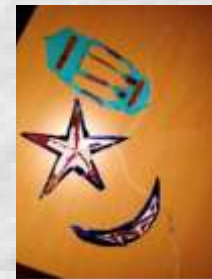

Students were taught significance of mother's in their lives and hands-on activities like making cards and photo frames. Fun interactive activities like medley music and dance were carried out.

### Eid Celebration

22 MAY 2020

Students were made familiar with the significance of the day and the culture which goes along with the festival through an informative audio-visual presentation. Students made beautiful lanterns and sketches of mosques.

### World Day Against Child Labour 12 JUNE 2020

As a move to sensitise our students of the grim circumstances of the children forced to be a part of the child labour workforce, a poster depicting the harsh reality along with relevant facts and details was shared by the teachers.

### Father's Day

19 JUNE 2020

A surprise event was organised by the activity teachers to celebrate Father's Day during the online session. It was an enjoyable interactive session dedicated to the spirit of fatherhood where sincere gratitude on behalf of the children was shared with the fathers through a video.

**National Doctor's Day****1 JULY 2020**

Students expressed their gratitude to the doctors by making 'Thank-You' cards and penning letters applauding the selfless service of doctors in these trying times. A compilation of the letters and cards was shared with the hospitals. The doctors and hospitals acknowledged and appreciated the loving gesture by sharing it on the social media platforms.

**YPS Creative Initiative****17 JULY 2020**

YPS Junior Wing launched its maiden 'Creative Initiative' on 17th July. The artistic montage with the theme of 'love and hope in these trying times' consisted of videos of students presenting their skills in music, dance and arts enthusiastically.

Music - Teri Hai Zameen.

Dance – Tu Na Jaane Aas Paas Hai Khuda.

Theme for Arts - Life under the impact of Corona Virus pandemic.

<https://www.youtube.com/watch?v=XvuRnLuB8r8>

**Kargil Vijay Diwas****24 JULY 2020**

Students were given information about the victory story of the Kargil War and the War Heroes. The children made posters, sang patriotic song, recited poem and gave short speeches. A video compilation was shown in all the classes. A special guest, Capt. Kamal Bagga, shared his thoughts and valuable experiences about Kargil Vijay Diwas in one of the section of class IV.

**My India (Class III Project)****8 AUG 2020**

Class III students prepared videos on the topic of 'My India' showcasing their skills in music, dance and arts. All the videos were collaborated and shown during the class III Parents Teachers meeting.

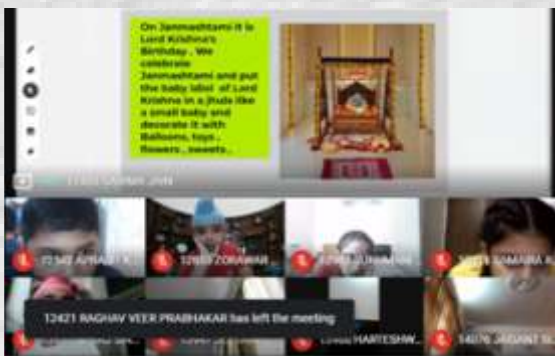

<https://www.youtube.com/watch?v=QE-eUmC4vzM&t=1s>

**Janamashtami****10 AUG 2020**

Class III students prepared videos on the topic of 'My India' showcasing their skills in music, dance and arts. All the videos were collaborated and shown during the class III Parents Teachers meeting.

<https://www.youtube.com/watch?v=QE-eUmC4vzM&t=1s>

**Independence Day****14 AUG 2020**

The students of classes III and IV had been asked to make videos on patriotism (dance, music, art and oration). The activity teachers collated all the videos shared by the students in a single video which was shown in all the classes as part of the Activity lesson. The National Anthem was also sung on the same occasion.

<tps://www.youtube.com/watch?v=TUH4kYx0S9U&feature=youtu.be>

**Senior Citizen Day****21 AUG 2020**

Senior Citizen's Day was celebrated to acknowledge and appreciate the senior citizens in our lives. A medley of dances and songs along with animation videos, stories and poster made by the children marked the happy occasion. The virtual interaction with the grandparents added to the fun experience of the day.

**Nature (Class II Project)****22 AUG 2020**

Class II students prepared videos on the topic of 'Nature' showcasing their skills in music, dance and arts. All the videos were collaborated and shown during the class II Parents Teachers meeting.

<https://www.youtube.com/watch?v=cQUZfpWE-UQ>

**Friendship (Class I Project) 29 AUG 2020**

Class I students prepared videos on the topic of 'Friendship' showcasing their skills in music, dance and arts. All the videos were collaborated and shown during the class I Parents Teachers meeting according to their sections.

**Gandhi Jayanti 1 OCT 2020**

To commemorate the teachings and contribution of Mahatma Gandhi, the students of Junior Wing presented a speech, a poem and a song compiled in a video. This video was shown during the assembly of all classes on 1st Oct, 2020.

<https://www.youtube.com/watch?v=PM0f6ROs3d8>

**Children's Day 12 & 19 NOV 2020**

A compilation of loving messages, dance and songs dedicated to our students was shown on 12 November, 2020. A Fancy Dress Competition was held for children on 19 November, which had Theme Great leader.

**Indian Armed Forces Flag Day 7 DEC 2020**

Indian Armed Forces Flag Day was celebrated through the week from Dec 1 to Dec 4 where the children spoke on the importance and service of Indian Armed forces.

On Dec 7, 2020, an 'Art Activity' was organised in which the students from Classes I to V made posters showing the significance of the day.

**Martyrdom day of Guru Gobind Singh Ji's family 22 DEC 2020**

A tribute to 'Chaar Sahibzaadas' was paid by students through an oration, poems and Shabad, which were compiled in a video and shown in all the classes. It was done under the guidance of the Punjabi department.

**Republic Day Celebration 25 JAN 2021**

This national event was celebrated with a Special Assembly in which the children were shown a montage which was compilation of videos made by children of class V S on the theme "Proud To Be An India." An audio clip with an inspiring message from the Director was also shared with all the children.

**BRITISH COUNCIL INTERNATIONAL SCHOOL AWARDS (ISA Project)**

The International School Award instituted by the British Council rewards schools that have shown a commitment to embedding international awareness and understanding within their class or school.

Classes III and IV participated this year and their topic was "The food choices we make impact our health and the environment"

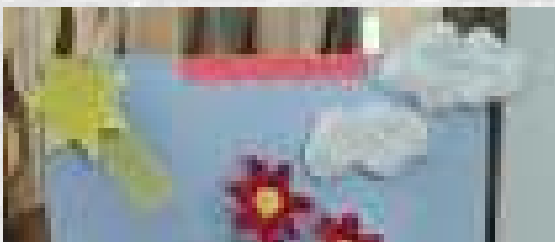

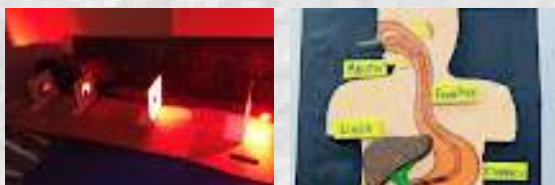

The project had components of the subjects Mathematics, Social Studies, Art and ICT. It was done between October 2020 - December 2020.

The students worked in groups and developed teamwork, discipline, peer learning, knowledge, creativity as well as critical thinking. Learning through virtual trips made the work more interesting for children. The work was evaluated in terms of PowerPoint presentations, worksheets, rubrics, group discussions and quizzes. They made interactive food diaries and also made their own food recipes and shared them with photos and videos.

## PROJECT DAY

The Project Day for Class IV & V is an annual event in the Junior Wing. It was held from 3rd November - 6th November 2020 on a digital platform. All the students of both the classes participated enthusiastically.

The students of IV & V showcased immense talent by preparing models on different topics of Science like human body systems, light and shadows, plant

world, measurement systems and simple machines which were based on their Science curriculum. Each student presented and spoke about his/her model in the class with the respective subject teacher. The students submitted the pictures of their models in the classroom as well.

Models prepared on the topics-“The Physical Divisions of India” (Class IV) and “The Evolution of Transport and Communication” (Class V). This gave an opportunity to the child to create and apply his/her knowledge and gain a complete understanding of the topic in hand. This hands-on experience was thoroughly enjoyed by one and all.

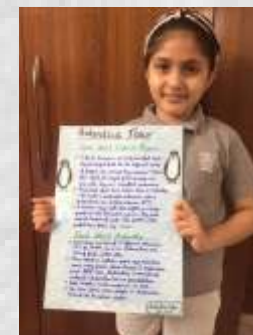

## VIRTUAL TREKS AND TOURS

Going on treks is one of the most anticipated experiences for students of our Classes IV and V. In fact it marks what we can call the first step towards 'coming of age' for Yadavindrains. This year did not allow for actual treks but we found a way to provide this experience through Virtual Treks.

Without the limitation of arrangements of logistics for organising Treks, our team took them through

locations pan-India as well as world. Ladakh. Aerial Panoramas India, Pyramids of Egypt, The Great Wall of Chin, Mount Everest, Seven Wonders of the World, The Grand Canyon, Trithan valley and Antarctica.

The younger classes too were taken on Virtual Tours.

## SPORTS

*Exercise not only changes your body, it changes your mind, your attitude and your mood.'*

*Anonymous*

With that belief, a dedicated Sports Activity schedule was designed for our students. Leading by example, our Sports teacher,

Mr. Kanwaljit Singh made his own workout and practice videos to share with the students. Seeing their Sports Instructor doing warm-up, drills and show various workout activities spurred the students to follow suit.

Topics covered during Activity Lessons are following:

1. Yoga Asanas to Improve Immunity.
2. Yoga Asanas to Improve Balancing.
3. Standing Yoga Asanas
4. Sitting Yoga Asanas
5. Jumping Jack Variations
6. Upper Body Exercises.
7. Lower Body Exercises
8. Full Body Free Hand Exercises.
9. Kids Cardio Workout.
10. Aerobics
11. Fun Exercises for Kids.
12. Body Weight Exercises for Kids, to name a few.

#### Virtual Sports Celebrations

National Sports Day	29 Aug 2020
Fit India Freedom Run	15 Aug to 2 Oct 2020
Yuvathon Activity	5 Dec to 6 Dec 2020
Fit India Week Celebration	7 Dec to 11 Dec 2020

## SPECIAL ACHIEVERS OUTSIDE SCHOOL

#### Mehreen Kaur Baidwan, Class III-S

1. SAS Nagar District Skating Championship held in January 2021 Inline Category in age group 9-11 years. She won 3 Gold Medals and became the district champion in her category. She qualified for Punjab State Skating Championship
2. She represented district SAS Nagar in 32 Punjab Roller Skating Championship 2020-21 held on 27-28 February at Patiala. She won 2 Gold Medals in her age category. Now she will represent Punjab in the forthcoming National Skating Championship in the month of April 2021.

#### Abhiraj Singh, Class II-N

1. He participated in the 15th CGA Golf Championship held in November 2020 at CGA Golf Range and was declared winner in his category.
2. He participated in the 16th Junior Golf Championship held on 20 December 2020 at CGA Golf Range and was declared Runners-up in his category

## WORKSHOPS ATTENDED BY STAFF OF JUNIOR WING IN THE SESSION 2020-21

The most valuable asset in any educational organisation is its teachers and it makes sense to invest in the upgrading of their skills. All our teachers attended and successfully completed all the 18 NISHTHA courses under the 5 batches on the DIKSHA platform.

National Education Policy-2020 Educators Quiz by

Centre of Educational Initiatives and Research (CEIR) in Dec 2020 was also successfully attempted by all the teachers.

In addition to that, the teachers have been attending webinars and online courses to keep up with the evolving technology and equip themselves with the latest pedagogical skills.

### FAREWELL to CLASS V

Class V of 2020 received a farewell on 16 March which was a pleasant surprise arranged by the Activity teachers for the students. It started with best wishes from the Art teacher and a trip down the memory lane. Next on the agenda, was a Hindi and an English song by the respective music teachers. The dance teacher led all the students to shake a leg and dance to some peppy numbers. Junior Wing Incharge, Ms. Nanak Kaur Bhullar also accorded a warm farewell in her speech to the class graduating out of Junior Wing.

# [ SENIOR WING REPORT ]

## ACADEMIC ACHIEVERS

Yadavindra Public School, Mohali, has the distinction of providing high-quality education as well as opportunities to participate in various Inter-House, Inter-School and Sports activities. The holistic development of our children is the focus of one and all present in the school (the authorities, the teaching staff and the administrative staff). We, at YPS, Mohali prepare global citizens, who are equipped with the necessary information and skills to face the fast changing competitive world.

In the session of 2020-21, 72 students took the class XII (ISC) Examination. The students did their alma mater proud by notching up an exemplary result. 34 students scored above 90%. Out of these students, 18 students scored more than 95% marks. The cherry on cake was that all 72 students scored First Division marks!

The Tri-city toppers added feathers to the crown of YPS, Mohali, as we had the Tri-city toppers in the Science and the Commerce stream! In the Science (Medical) stream, Pavit Kaur and Tanveer Mangat topped the Tri-city with 97.75%. In Commerce, Sehajpreet Kaur achieved 96.25%.

Some of the other meritorious students were: In the Humanities Stream, Jasnoor Kaur topped YPS with 98.5%; Abhinav Pratap Singh, Agamnoor Dhillon, Deepkiran Dhingra followed with 98.25% and Gunjeet Singh Bhullar stood third scoring 98%. In the Medical Stream, Harsimrat Kaur Buttar scored 94%. In the Non-Medical Stream, Jashanjot Singh Chahal scored 94.5% and Sukhali Aulakh secured 91.25%. In the Commerce Stream, Avneet Kaur Taak was placed second with 94%.

116 students took the class 10 ICSE Examination. We secured a 100% result. 43 students scored above 90% marks. 8 students secured 95% and above. All 116 students secured First Division marks.

Aafreen Kaur stood First in the school, with 97% marks, Divyam Goel was a close Second with 96.6%, followed by Jivitesh Singh Batth and Shivika Kaushal with 96.2%.

YPS, Mohali is proud of their achievements. The Session 2019-20 had just ended when the world was hit by a terror that took its toll and left the people devastated and stunned. There was panic all around; but, not at YPS, Mohali.

The first step was to control the fear and panic of the pandemic. This was done by announcing the summer break ahead of the scheduled duration. The children portrayed utmost courage during such tough times and were ready to resume their journey of school life.

The big question was: how to impart education to the child in spite of inevitable odds. Amidst this catastrophic situation, Yadavindrians exhibited its motto in the true sense. The motto VIDYA, VINAY, VEERTA is what made the ship of YPS sail on in spite of the tempest of the pandemic. The authorities, like true leaders, involved themselves into a lot of research and reflection, culminating in an urge to reach out to the children. Knowing that Time does not wait for anyone, the school decided to use Google Meet as a platform to provide quality education to the students. The course of argument was: If children cannot reach the school building, the school can reach out to them and hence started the process of adapting to the situation and adopting new techniques of teaching.

School activities were carried out as usual but with a slight twist- everything for the first time in the history of the school, was conducted virtually. The oft read science-fiction stories of a virtual world

had now turned into a reality!

Assignments, notes, Half Yearly Exams, PTMs, online staff meetings and marking of attendance for every lesson.

We did not fail in our duty to instil moral values in the students through talks on the 'Value of the week'.

The much-awaited activity lesson was a big attraction and a source of entertainment. Hobbies were also incorporated in the activity. Music, Physical exercises, Craft work and Art gave wings to the creativity of the students and made their fancy soar beyond limits.

Students were encouraged to express their fears in the classes; thereby quelling their anxiety and finding optimism even in such dire circumstances.

## ISC NON MEDICAL

The important task at hand was to acquaint the students and teachers with the technology which till now was an alternative debated for long. Ultimately, technology helped us to benefit the students. Rigorous training sessions were conducted and YPS was ready to overcome all obstacles. Teachers as well as students attended webinars to apprise themselves with the strategies and methodology being adopted by the world.

Be it completion of syllabus, be it co-curricular activities at Inter-School or Inter-House level...everything was conducted online. The notion that drove the students and teachers

## ISC MEDICAL

forward was that pandemic cannot win over us; it cannot hamper our progress.

The students very efficiently conducted online events like Teachers' Day, Children's Day, Inter-House Activities and Special Assemblies.

The Session 2020-21 can be termed as the 'Session of the Pandemic'. More than that, it was a Session of Retrospection and Introspection. It created a revolution in education which coincided with the introduction of NEP. The NEP rightly mentions the

need to dissuade rote learning and enhance creativity. It aims at experiential learning through internships and hands-on experiences, besides motivating the child to pick-up vocational skills. A global citizen must have proficiency in two or more languages, regional as well as foreign.

## [ MUSIC REPORT ]

Music is a vital part of different moments of human life. It spreads happiness and joy in a person's life.

In the words of William Shakespeare,

*"If music is the food of love, play on,*

Music is also known to be the universal language of humanity. It has the power to bring positivity and entertainment in the lives of people. Realising the importance of music at Y.P.S students and teachers are doing their best. Although this year was tough, even then their enthusiasm was at the peak. Students took great interest in activity lessons and were keen to participate in every event. They gave performances online by singing and playing instruments and took part in Inter house, Inter school and making of individual and virtual videos.

#### OPEN HOUSE PATRIOTIC SONG MUSIC COMPETITION 2020

##### Classes VI-VIII:

First	: Tanisha Matharu	VI N
Second	: Aryan Pant	VI N

##### Classes IX-XII:

First	: Jasreen Kaur	X N
Second	: Harnoor Kashyap	X O
Third	: Sahej Kaur	XI N
Consolation	: Parul Srivastva	X O

Special assemblies were organised on the occasion of Independence day, Gandhi Jayanti, Diwali, Guru Nanak Dev Jayanti, Children`s Day, Christmas, Lohri & Republic Day

The school participated in Inter School Music Competitions CADENZA-2020 hosted by The Assam Valley School & Inter School Music and Dance Competition ASTITVA 2.0 hosted by St. John`s Universal School.

Music is the essence of life. Everything that has rhythm has music. Our breathing also has a rhythm. We can conclude that Music is the purest form of worship of God and to connect with our soul. In the end we can say:

*"Without music life would be a mistake"*

- Friedrich Nietzsche

## [ AFS REPORT ]

AFS Intercultural Programs provides intercultural learning opportunities to help educators- student develop knowledge skills and understanding to act as a responsible global citizen. In this endeavour YPS participated actively with the programs laid out by AFS all through the year. A number of events, workshops, trainings and contest were held on virtual platform to build global competence among students in increasing diverse world. Our student Ebrahim Hassan Sofi won AFS Prize for Young Global Citizens while in the event of Dance for Change Japnur Kaur Sibia, from VI S got appreciation for bridging cultural differences through her mesmerising performance.

During the month of September a group of 21 educators got the opportunity to train themselves on Pathway to Global Classrooms for Educators. The teachers learnt methods to make classrooms more global and inclusive with inter cultural sensitivity. A group of 21 students from grade 9th and 12th got trained on Effect plus Workshop wherein they were introduced to SDG's laid by UNO. The workshops not only developed global perspective but also reflected the interdependency among countries. Hence the individual role to bring up peaceful society was highlighted.

Our student Hunnardeep Virk from grade VIII participated in Global Parents Day celebration by participating in Collage Making Event. While an enthusiastic response was given by Teachers in Photo Contest for Educators on the theme 'Educators are Innovators'. We are very proud to share that student Hunnar Jaiya won the prestigious Asia – Kakehashi study Scholarship to Japan after stringent selection process. Our Dance teacher Ms. Renu Pant got appreciation for making AFS Egypt students dance to bollywood number through her energetic Dance Exchange workshop.

## [ SPORTS REPORT ]

- She is ranked 69
- She participated in under 14 Asian Tennis Championship, organised by Asian Tennis Federation held at Gurgaon in March 2021.
- SHE HAS REPRESENTED INDIA.

## [ ART REPORT ]

*"Art washes from the soul the dust of everyday life"- Pablo Picasso*

Art is the communication of an idea, a thought or a feeling giving a voice to our soul. It acts as solace which calms the restless mind and gives people a chance to transcend their message even without using words.

At YPS, art classes for the students were scheduled in the evening hours for them to have a creative outlet and learn various methods, techniques and crafts. The students also exhibited their enthusiasm for its various forms through competitions held virtually.

It was important that the students do not lose their power of imagination during this adverse situation so the school organised a virtual Intra Class Art Competition where students from classes VI to XII participated with zest and showcased their talents. Students also participated in various inter-school art competitions and won accolades for the school.

# [ AU REVOIR ]

The class of 2020-21 was given a virtual farewell on 1st May 2021 by class 11 students. It was a fun Saturday morning and students were geared up for the first ever virtual farewell. Although no one had fathomed a virtual farewell but due to unprecedented time brought about by an invisible enemy, COVID-19, the farewell party had to be arranged on an online platform. Nevertheless, Yadavindrians rose to the occasion and left no stone unturned in making this experience memorable.

The COVID-19 kept us away from each other physically but we all came together due to technology and the party was full of mixed emotions. It was exciting and emotional at the same time.

Class 11 students presented a virtual dance performance, renditions of melodious songs, and a quiz on the history of YPS, Mohali.

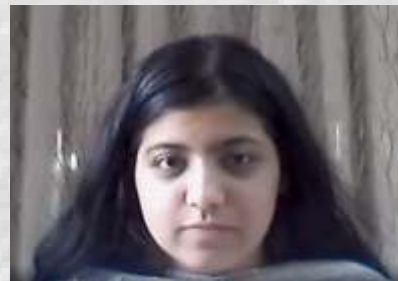

The outgoing Head boy and the Head girl delivered their farewell speeches and the event culminated by describing each student of the outgoing batch by saying one liners about them.

The virtual event was graced by our School Director, Maj. Gen. TPS Waraich (Retd.), the Deputy Head Mistress, Ms. Kiran Rai, Junior Wing Incharge, Ms. Nanak Bhullar and the Kindergarten Incharge, Ms. Sukhjit.
